Re: Follow-up on BBMR's estimates of cost of Calvo's SelectCare

Håfa Adai Ms. Manglona,

This is the third follow-up letter I am sending to you requesting submission of BBMR's estimate of the cost of the Calvo's SelectCare increase against existing health insurance appropriation levels in the *Annual Appropriations Act of 2011* by providing its independent analysis in quantifying the gap between the appropriation levels in the budget and the contract cost signed after the passage of the budget. The first two letters were sent on January 21, 2011 and February 18, 2011, respectively.

The OFB, with our limited staff was able to gather and analyze actual monthly enrollment data and associated premium rates per enrollment class and annualized the following data in early January. As stated in the original request letter, based on the OFB estimates, the health insurance appropriation is anticipated to be expended by May 2011, resulting in a precarious situation for employees and retirees.

Once again, I stress the urgency of validating this information in order for appropriate actions to be taken. Thank you in advance for your assistance.

Si Yu'os Ma'åse',
